the results agenda adopted by the world bank and other donors aims to ensure that development assistance yields sustainable poverty reduction effective poverty reduction results from three main factors sustained and inclusive growth effective service delivery to the poor and capable public sector institutions that are accountable to stakeholders for the results they achieve the annual review of development effectiveness 2006 assembles evaluative evidence around three questions central to poverty reduction how effectively has economic growth translated into poverty reduction in bank assisted countries and what factors have affected these results what factors have led to high quality results in areas that deliver services to the poor what measures help raise the accountability of public institutions responsible for delivering and sustaining these results the report identifies three key areas where the world bank can further strengthen its effectiveness in helping countries reduce poverty economic growth has improved in many bank client countries but a stronger focus on the nature of growth is needed to ensure that such growth leads to jobs for the poor and productivity increases in poorer regions and sectors where the poor earn their incomes consistent use of a clearly articulated results chain helps ensure that bank country assistance programs and individual projects set realistic objectives that key cross sectoral constraints to achieving them are adequately considered and that due attention is given to building capacity a realistic assessment of the political economy of governance related reforms is needed to tailor efforts to increase the accountability of public sector institutions to local conditions

arde 2003 examines the effectiveness of bank support for developing country policy reform it finds that bank support has contributed to reform in a number of cases but there are also cases where the bank s support has not been associated with improvements in the policy environment

this annual review of development effectiveness arde builds on previous reviews i e the 1998 review released in a hostile environment of financial crisis concluded that improvements in project performance cannot be enough that

improvements at a higher plane of program and country performance should also be present and the 1999 review inscribed within the comprehensive development framework dilemmas and challenges identified practices for dealing with those challenges namely to be based on country commitments to poverty reduction and sustainable growth the arde 2000 finds that progress was solid on a broad front but that further progress is likely portfolio performance is likely to exceed the strategic compact target of seventy five percent satisfactory outcomes and sustainability and institutional development ratings reflect improvements though progress is commendable this review examines four tensions the bank faces learning to reconcile client and corporate priorities adapting global prescriptions to local conditions balancing country performance and poverty incidence in allocating its resources and achieving efficiency selectivity seeking to implement a holistic vision of development bank strategies should acknowledge client needs judicious adaptation to institutional social and political fronts should be pursued and an approach to poor performing countries should be addressed

the annual review of development effectiveness 2009 presents evidence on the world bank s efforts in two areas part i tracks the outcomes of bank projects and country programs and the evolution of monitoring and evaluation m and e part ii examines the bank s support for environmentally sustainable development compatible with economic growth and poverty reduction the bank s project performance rebounded in 2008 allaying concerns about the weakened performance in 2007 as previous ardes have shown project performance has been improving gradually for 15 years according to the traditional measure percent of projects with satisfactory versus unsatisfactory outcomes but ieg ratings of m and e quality for completed projects indicate considerable room for progress information to assess impacts continues to be lacking although preliminary data suggests improvements in baseline data collection bank support for the environment has recovered since 2002 due to new sources of concessional finance the outcomes of environment projects have improved in recent years a growing number of regional projects are addressing the shared use of water resources new global partnerships are deepening the bank s involvement in climate change issues but m and e remains weak three quarters of environment related projects those managed by sectors other than environment lack reporting of environmental outcomes
